VII.—GENERAL REGULATIONS.

1. All court fees and other proper disbursements shall be allowed in addition to the remuneration in this scale provided.

2. Vouchers shall be produced on taxation for all payments, or such payments shall be disallowed.

3. Bills of Costs shall be written lengthways on one side only, distinguishing, by insertion in separate columns, costs out of pocket from charges for work done or time expended. Dates and numbers shall be furnished to each item, but they must not be written in the margin, which shall be left clear for taxation.

4. The fees allowed for drawing any affidavit or other document shall include any copy made for the use of the solicitor or agent.

5. No instructions for affidavit shall be allowed when the solicitor or his clerk makes the affidavit.

6. The allowances for instructions and drawing an affidavit in answer to interrogatories and other special affidavits, and attending the deponent to be sworn, shall include all attendances on the deponent to settle and read over.

7. The fees allowed for delivery of documents, services and notices shall not be allowed when the same solicitor is for both parties, unless it be necessary for making an affidavit of service.

8. The fees allowed for perusals shall not apply where the same solicitor is for both parties.

9. Where the same solicitor is employed for two or more persons having the same interest, and separate papers are delivered, or other proceedings had by or for two or more such persons separately, the Taxing Master shall consider in the taxation of such solicitor's bill of costs, either between party and party, or between solicitor and client, whether such separate papers or other proceedings were necessary or proper; and if he be of opinion that any part of the costs occasioned thereby has been unnecessarily or improperly incurred, the same shall be disallowed.

10. A folio is to comprise 72 words, every figure comprised in a column, or authorised to be used, being counted as one word.

11. As to all fees and allowances which are discretionary, the same are, unless otherwise provided, to be allowed at the discretion of the Taxing Master, who is to take into consideration other fees and allowances to the solicitor in respect of the work to which any such allowance applies, the nature and importance of the matter, the amount involved, the interest of the parties, the estate or persons to bear the costs, the general conduct and costs of the proceedings, and all other circumstances.

12. The allowances to witnesses in bankruptcy proceedings shall be in accordance with those for the time being ordinarily made in other proceedings in the court.

13. Wherever practicable the stamp shall be affixed or the money paid in respect of every fee mentioned in Tables A, B and C before the proceeding is had, in respect of which the fee is payable.

\$2,420 78	None	(not given)	\$3,173 29	Opened 3rd February, 1896, and conducted by the Jesuit Fathers. St. John's College aims to impart a thorough liberal education. In the accomplishment of this purpose, the study of the Ancient Classics holds the first place, as the most efficient instrument of mental discipline. Besides Latin, Greek, English and Spanish, the Course embraces Religious Instructions, Natural Philosophy, Chemistry, Mathematics, Commercial Law, Rhetoric, Composition, Elocution, History, Geography, Penmanship, Book-Keeping, Arithmetic, Typewriting and Shorthand—in a word all the usual branches of a complete education. It has been found, by long experience, that this is the only Course that fully develops all the faculties, forms a correct taste, teaches the student to use all his powers to the best advantage, and prepares him to excel in any pursuit, whether professional or commercial. The Course is divided into six classes called Forms. To these a Preparatory Class has been added for younger boys. Students are prepared for the Cambridge Local Examinations. (Rate of Tuition Fees \$3 per month).

The prices quoted above are liable to fluctuations, depending on the local stocks which sometimes run short.

The prices in the Cayo District are generally much higher than those in the other Districts, owing to its remoteness, and to the lack of proper facilities of transport, and increase during the dry season, when the motor launches cannot reach the Cayo. In the other Districts, prices differ very little from those quoted for Belize.

Improvements in Agriculture and Manufactures introduced this Year.					
Belize District
Corozal District
Orange Walk District
Stann Creek District
Toledo District	Cultivation of rubber and chicle in small quantities. A steam wood-sawing mill installed at Temash.		
Cayo District	Improved distillery machinery installed. In the Cayo and Benque Viejo Towns many houses of better type have been built, the "adobe" giving way to wooden with zinc roofs. Para Rubber and Cotton have been planted experimentally at Vaca by the Vaca Falls Company.		
Progress of any Improvements previously reported.			The building of the better type of houses still continues at El Cayo and Benque Viejo, particularly at the latter town, where a Bakery has been started.

RAILWAYS.

The construction of "The Stann Creek Railway" which was commenced in the early part of 1907 was completed. This railway, which is constructed by the Government, starts from a deep water pier at Commerce Bight, Stann Creek, and extends into the interior for 25 miles. It has a gauge of 3 feet.

The total cost of construction and reconstruction to 31st December, 1914, was \$826,250.00.

The railway is constructed for the purpose of conveying bananas and other produce to the coast for shipment.

The British Honduras Syndicate's tramway runs from the pier at Stann Creek Town for about $8\frac{3}{4}$ miles through Crown and private lands terminating at a point on the river about 3 miles beyond Melinda.

There is a tramway connecting the Sennis River with the Swasey Branch of Monkey River. It runs through private lands and is about $3\frac{1}{3}$ miles long.

These two tramways are used principally for the carriage of bananas to the coast.

CANALS.

There is a small canal (in course of construction) to connect Northern Lagoon, Manatee, with the Sibun River; and one connecting the Sibun River and Jones Lagoon with the sea.

ROADS.

The road work consists of opening up and cleaning tracks through the bush and trenching and filling up swampy portions.

The work is carried on by the Public Works Department from grants made by the Government on the recommendation of the Roads and Rivers Board.

There are two roads leading out of Belize; one to the Northern Districts, Orange Walk and Corozal, and the other to the West, El Cayo, via Butcher Burns.

TELEGRAPHS AND TELEPHONES.

The Northern Telephone Line extends from Belize to Consejo on the Northern Frontier, a distance of 98 miles approximately. The Telegraph is operated on this line to Payo Obispo in Mexican Territory at certain hours of the day.

There are intermediate telephone stations at Orange Walk and San Estevan.

A line runs from Orange Walk to Guinea Grass a distance of about 10 miles.

A line has been constructed between Belize and Bakers about 18 miles long with stations at Haulover Ferry, Botanic Station, Boom Town and St. James' Boom.

The Southern line extends from Belize to Punta Gorda, a distance of approximately 115 miles with intermediate stations at Sibun River, Manatee, Mullins River, Stann Creek, All Pines and Monkey River.

The Western line runs from Belize to Benque Viejo a distance of approximately 109 miles, with stations at Butcher Burns, Castille, Banana Bank, Mount Hope, Orange Walk and Cayo.

There is a local Telephone Exchange in the town of Belize with 230 subscribers.

A new Wireless Station is in course of construction with a capacity of 5 kilowatts capable of transmitting messages 400 miles and receiving 660 miles.
